Should we stop? An argument for the pernicious effects of inhibition. Does our verbal inhibitory capacity come free of cost? We argue that the answer is no. VWM inhibits are costly because they slow ongoing behavior, but they do so in a rather disruptive way. We suggest that to get evidence of a cost, people need to remember their inhibition for a long time. We propose to test this idea with a congruency task and a task that allows us to evaluate how long it takes to inhibit for a given amount

of time.OSU-Huskies Preview: Offense Washington's offense is fueled by its running game, which ranks second in the nation. Anthony Maddox runs and pass, running and passing. And just so you know, the Huskies also rely on a dynamic passing game led by Heisman Trophy candidate quarterback Jake Locker. Yes, the defense is currently ranked third nationally. But the Huskies have one of the best rushing attacks in the nation, and that is c6a93da74d
